

## Community/COVID Update: July 27, 2021

---

Dear TSA Community,

We hope that all of you have been enjoying the summer and finding the time to spark your creativity! Our [Summer Term courses](#) are in full swing and we have some courses and workshops that are still open for registration, check them out here.

Below is an update to get you ready for TSA this Fall!

### **New Website and Registration Platform**

TSA's newly renovated website and new backend registration platform (ProClass) are now up and running! If you haven't already signed up or updated your account, you'll need to do so in order to sign up for any Fall courses. It's easy! Activate (w/your email associated w/TSA) your account if you have taken classes with us **up to December 31, 2020**, OR create a new account if you registered with us **after January 1st, 2021**. Go [HERE](#) to start! If you need help, you can always [contact us](#) and/or take a look at the [full instructions](#).

### **FALL 2021**

TSA's Fall 2021 Term will start on **October 4, 2021**. We are planning to open for registration the first week of August....stay tuned.

We'll be offering a full array of both **IN-PERSON and ONLINE** courses. We're very excited to once again welcome students back into TSA for IN-PERSON courses - we've missed you! The introduction of ONLINE courses has been a lifeline for TSA and for many of our students. We thank you for your support and look forward to continuing to offer a compelling selection of ONLINE courses in the Fall and into the future.

### **COVID-19 Fall 2021 Protocols**

As we know, COVID-19 and the current DELTA variant are still a concern. Thankfully, the case numbers in Toronto are currently low and vaccination levels are strong. Although we hope that there will be no interruption to our Fall IN-PERSON course offerings, please see our [Terms and Conditions](#) to acquaint yourself should we need to make changes as the season progresses. TSA will continue to implement enhanced health and safety protocols to help prevent the transmission of COVID while at TSA. We will adhere to Toronto and Ontario government health guidelines and restrictions, and at the same time, we strongly request for the health and safety of our entire TSA community, that all students, faculty and staff be fully vaccinated to participate

in activities in our building. The health and safety of our students, faculty and staff are of paramount importance to us.

Here are some of the protocols we will employ for the Fall Term:

- Face masks covering the nose and mouth must be worn in the building at all times
- Class sizes will be limited to allow for physical distancing
- Hand sanitizing stations will be set up in each studio space
- Symptom screening, sign-in and tracing will take place for each class
- Enhanced cleaning and air filtering protocols

We wish you all the best as we enjoy the rest of the summer and look forward to a vibrant, creative fall....get ready to **IMMERSE YOURSELF IN ART** this Fall!
